[A qualitative study on perspectives of pregnant and postnatal mothers on accessing Tetanus Toxoid vaccine in Hai District Kilimanjaro region Tanzania](#)

Published On: October 27, 2021 | Pages: 042 - 049

Author(s): Asia Hemed Kipengele, Sweetness Naftal Laizer, Perry M Cyril, Zuhura Lintu, Nateiya M Yongolo, Neema Allen Ng'unda, Irene Haule, Blandina Theophil Mmbaga and Agnes Cyril Msoka*

Background: Antenatal care for pregnant and postnatal mothers is the main entry gate for maternal Tetanus Toxoid (TT) vaccination. In developing countries including Tanzania, pregnant and postnatal mothers especially in rural communities have been experiencing barriers to maternal vaccination. The study aimed to explore perspectives of pregnant and postnatal mothers o ...

[Preventive oral health care for mitigating the COVID-19 induced adverse maternal outcomes: View point from Sri Lanka on opportunities in crisis](#)

Published On: October 14, 2021 | Pages: 036 - 041

Author(s): Irosha Perera*, Manosha Perera, Nadisha Ratnasekera, Chandana Gajanayake and Migara Epa

Pregnancy marks a unique milestone in woman's life cycle enriched with an array of physical, psychological, social and even spiritual needs. In this context, an optimal level of oral health status has become fundamental to overall health and well-being of a pregnant woman. This is evident more than ever before, for preventing exacerbation of poor oral health in pregna ...

[Non-gestational primary choriocarcinoma of the ovary presentation of a clinical case](#)

Published On: December 24, 2021 | Pages: 050 - 054

Author(s): Vargas-Hernandez Victor Manuel*, Machuca-Hernandez Violeta Fabiola, Victor Manuel Vargas-Aguilar, Agustin Rodriguez Blaz and Jose Maria Tovar Rodriguez

Background: Ovarian germ cell tumors are derived from the primordial germ cells of the ovary, they can be benign or malignant. Non-gestational ovarian choriocarcinoma is extremely rare and aggressive that is of gestational or non-gestational origin, its prevalence is less than 0.6% of all ovarian germ cell tumors. Due to the rarity of the tumor, there is a lack of inf ...
